AUTODROMO NAZIONALE MONZA

Monza Circuit, revered to as the 'Temple of Speed,' holds an iconic status in motorsport history. Located in Italy, this track has hosted Formula 1 races since the championship's inception in 1950.

Known for its blistering speeds, Monza features legendary stretches like the 'Curva Parabolica' and 'Variante Ascari,' demanding precision from drivers. Its history is rich with memorable moments and intense rivalries, drawing fervent fans to the electrifying race weekends.

Despite safety modifications, the circuit retains its raw speed and allure. Beyond Formula 1, Monza remains a significant venue for various motorsport events, showcasing its enduring legacy in the motorsport world as a track that embodies both speed and historical significance.

CIRCUIT INFORMATION

How To Get There

The best way to get to the circuit is to take the train from Milan to Monza Station. From there, free shuttle buses go to the circuit.

Leave the station to Piazza Castello, where the bus is located. The shuttles are usually very full and often have no seats.

Many people also choose to go by cab, but keep in mind that there can be heavy traffic jams near the circuit.

Opening Hours

The track will open at 07:00 all weekend. The circuit reserves the rights to change these times.

Sanitary Facilities

Restrooms are located throughout the track. Pay attention to the signs directing you to the nearest restroom. At many Grand Prix circuits, the majority of toilets are temporary facilities set up specifically for the race weekend. While they are designed to meet sanitation standards and offer basic amenities, their temporary nature might mean variations in size, capacity, or comfort compared to permanent facilities.

CIRCUIT INFORMATION

Walking

Visiting a Grand Prix often involves covering considerable distances. Be sure to wear comfortable shoes for all the walking required of you, and wear comfortable clothing.

Food and Drinks

The offer in Monza consists mainly of hamburgers, hot dogs, pizzas pastas and similar food, as at most racetracks. Relatively speaking, you pay high prices for the food. Last year Monza Circuit had a token system and so it was not possible to buy your food and drinks directly with cash or bank card, this had to be done through the token system. Please be prepared for very long lines for the food and drinks.

You are allowed to bring your own and drinks (except alcoholic beverages). Glass containers are not allowed. There are no free (refillable) water points available on the circuit.

Taking Pictures

Taking photos is allowed, but only with a simple camera. Attention will also be paid to obstructing the view of other spectators. The enjoyment of other spectators should not be interfered with by anyone, so we advise spectators to always pay attention to others.

Climate

The race takes place in September. Average daytime temperatures are 24°C. Bring plenty of sun protection, but also be sure to keep in mind that it may rain. Keep an eye on the weather forecast for the race weekend on this website.
